

Collegiate Men & Women: Waterfield Cup April 1, 2012; Claytor Lake State Park

Submitted by Ryan Hurley.

Distance: 2000 meters

Conditions: Perfect conditions for early events. Slight head winds as morning went on. Almost all later races were waked by fishermen at some point in the race.

Comments: VT Men's V8 broke a foot stretcher while approaching line, so had to race as part of MN8 later in the day.

Was a great day of racing with William and Mary taking the Waterfield Cup by winning the final event of the day (Men's Lwt 4)
